

School Infrastructure

***1. Introduction**

School infrastructure plays a vital role in providing a healthy and effective learning environment. A well-developed campus with modern facilities helps students grow academically, physically, and socially.

***2. Basic Information**

School Name: Sara Public School & Jr. College Tembhorni.

Type: Co-educational School

Medium of Instruction: English

Classes: Nursery to Higher Secondary.

***3. School Building**

The school building is well-structured and spacious. It is designed to provide proper ventilation, lighting, and safety. The campus includes:

- Multiple floors with well-maintained classrooms
- Wide corridors and staircases
- Clean drinking water and sanitation facilities
- Safety measures like fire extinguishers

***4. Classrooms**

The school has 28 Rectangle shape classrooms and square classrooms. These are:

- Spacious and well-ventilated
- Equipped with proper seating arrangements
- Designed for a comfortable learning environment

***5. Laboratories & Learning Spaces**

The school provides 3 well-equipped labs and learning areas, including:

- Computer Lab
- Physics Lab
- Chemistry Lab
- Biology Lab
- Arts & Craft Room
- Library & Reading Hall
- Activity Rooms

These labs help students gain practical knowledge and skills.

***6. Interactive and Smart Classrooms**

All classrooms are equipped with interactive projectors and smart boards. These help in:

- Making lessons more interesting
- Using videos and animations for better understanding
- Promoting modern teaching methods
- Enhancing student participation

***7. Sports and Physical Facilities**

The school encourages physical fitness through various sports facilities:

- Large playground for outdoor games
- Indoor sports facilities
- Regular physical education classes
- Activities like cricket, football, and athletics

***8. Additional Facilities**

Other important facilities include:

- Clean drinking water
- Hygienic washrooms
- Library for reading and research
- Safe transportation (school buses)

***9. Conclusion**

The school infrastructure is modern, well-planned, and student friendly. It provides a perfect balance of academic, practical, and physical development, helping students achieve overall growth.
